tender or dinghy must be removed by the Member, or ex-Member, when permission has been withdrawn within thirty days; if this is not done the Club may remove it. See Byelaw 11 below.

(d) Permission may be renewed each year by the Club without need for a Member to make further request, but because permission is given to a Member in relation to a specific boat or trailer only, before a Member decides to change his/her boat or trailer for one of another type, or increased size, tonnage or draught, he/she must give accurate details to and obtain formal permission from the Moorings Officer to change the use of his/her Mooring or Foreshore Berth allocation or from the Club Boatswain to use the Boat Parks, to accommodate the change.

(f) Notwithstanding Byelaw 7 (e) above, temporary use of a Member's mooring may be made by someone else if formal permission has been given by the Member and by the Club's Mooring Officer or a Flag Officer; such use shall be at the risk of the owner of the vessel.

(j) All vessels shall be navigated so as not to endanger or inconvenience other vessels.

(k) In an emergency (for example, urgently to maintain the safety of any vessel, person or property) the Club shall have the right to enter into and move vehicles, vessels, trailers and dinghies in the Club's mooring area and grounds. If necessary, the Club may carry out emergency work on a vessel or trailer; the owner shall pay the Club's reasonable charges for this work unless the emergency arose from the Club's negligence.

(o) All refuse must be properly removed from the Club's premises and mooring area or placed in receptacles provided by the Club.

(p) The Club reserves the right to disallow any boat from being moved or stored on club property if a potential hazard is identified by the Boatswain, Boat Handling Officer, Sub Lift Operator, Tractor Operator or a Flag Officer of the Club. The decision on the day shall be final, but the member concerned may appeal at a later date to the General Committee regarding any such disallowance.

8. Boat Parks Only

(a) Craft may be put into the Boat Parks only after formal permission has been granted by the Club Boatswain, to whom written application must be made.

(b) A Member who has been given permission to use the Boat Park shall be allocated a specific position each season for each item. That position may only be changed by permission of the Club Boatswain. When deemed necessary by the Club Boatswain, a Member shall move his/her vessel etc. to another position at no cost to the Club.

(c) The permission and allocation of position applies as follows:- vessels and vessels on trailers: the Winter Season (as defined in the Byelaws); - dinghies and empty trailers: the Summer Season (as also defined in the Club Rules); - tenders: the full year. There is no overlap between Winter and Summer Seasons. In special cases – e.g. serious illness – and with permission, a vessel may remain in, or be allowed into, the Club Grounds temporarily for an appropriate charge.

(d) Permission to use an area does not imply that the ground is suitable for the purpose for which permission is given. The Member must ensure that his/her vessel, trailer, tender and dinghy are secured safely, and on request by the Club Boatswain he/she must improve any securing (including shoring) equipment or method.

(e) Failure to comply with Boat Park Byelaws may incur an administration fee of £30.

(f) No boat may be brought into the Club compound or stored there during the winter unless it complies with the relevant conditions laid down in the Boat Park Storage Policy published by the General Committee. The maximum length of boat normally allowed to use the boat park in the winter season is 31ft (9.45m) overall. Members with boats over this length may apply in writing to the Boatswain to use the boat park in the winter season. Such applications shall be considered by the Marine Committee on their individual merits.

member may apply to the Marine Executive Committee for an additional mooring on an annual basis. In this connection, where the subscription class of any couple of Full Members is "Joint" or "Family", then that couple of Full Members shall be treated as one Full Member only.

(b) Moorings may be placed within the licensed area of the Portchester Sailing Club only after formal permission has been granted by the Moorings Officer, to whom written application must be made.

(c) Moorings shall be laid and occupied and Pile Moorings provided by the Club shall be occupied so as to ensure that free passage in the navigable channels is not encumbered and the safety of other vessels is not endangered. If in the judgement of the Queen's Harbour Master, other Naval Authorities or an Officer of the Club this condition is not adhered to, the Member shall immediately remove his/her vessel. The Club may withdraw the Member's mooring permission under such circumstances.

(d) In accordance with the Queen's Harbour Master's instructions, all moorings, other than Pile Moorings, shall, when vacant, be marked with a buoy bearing the identity number of the Mooring.

(e) All moorings and mooring tackle, except the piles themselves in the case of pile moorings provided by the Club, shall be provided by and maintained in good condition by the Member. Moorings and mooring tackle sold or otherwise transferred to another Member shall be thoroughly inspected at the time of transfer. The Club may, at its own expense, inspect any mooring and mooring tackle. If the Club decides that its condition is not adequate for its permitted use, the Club may withdraw the Member's mooring permission. A Member allocated a Club pile mooring shall immediately report to the Club, in writing, any signs of damage to or weakness of the Pile; nevertheless, he/she must do all in his/her power to maintain the safety of the vessel .

(f) If a Member does not use his/her mooring regularly for at least three months in the season (April to October) in any year, his/her annual mooring permission may not be renewed unless the General Committee decides that it should be. A Member who does not expect to be using his/her mooring in this way, but wishes his/her mooring permission to be renewed, should state the reasons, in writing, to the Moorings Officer so that the General Committee may consider the circumstances.

(g) The maximum time on the visitors' pontoon is 24 hours, unless specific permission for an extension is given by the Moorings Officer.

(h) The pier pontoon is for short term loading and unloading. The time limit for craft moored to the pier or pontoon, without prior authorization by the Moorings Officer or any Flag Officer, is one hour.

10. Foreshore Berths Only

(a) A Member who is given permission to use a Foreshore Berth shall be allocated a specific position each season, and charged an appropriate fee. Use of such a berth is entirely at the risk of the Member. The Club accepts no responsibility whatsoever for the security or safety of the vessels so berthed or for any damage arising.

Portchester Sailing Club

Byelaws

Version 1/17 including changes to 27th February 2017

(b) A Member using such a Berth must ensure that his/her vessel is adequately secured, and on request by the Club Boatswain he/she must improve any securing equipment or method. In no circumstances shall any rope, chain or other berthing line be permitted or suffered to be attached to the embankment, banking, or fence, or anything attached to them.

11 Abandoned Boats and/or Trailers

If, at any time, any fees payable to the Club by any member or former member (whether by way of arrears of subscription or facilities fees, dinghy park fees or otherwise) shall be one month or more in arrears and/or a boat and/or trailer the property of a member or former member remains upon the Club premises one month or more after the club has given the member or former member notice to remove the vessel then the member or former member shall remove the boat and/or trailer from the Club immediately. If the member or former member fails to remove the boat and/or trailer then the Committee may:-

(a) Move the boat and/or trailer to any part of the Club premises without being liable for any loss or damage to the vessel howsoever caused.

(b) Give three months' notice in writing by registered post to the member or former member at his last known address as shown in the Club Register and thereafter sell the boat and/or trailer and deduct any monies due to the Club from the net proceeds of sale before accounting for the balance (if any) to the member or former member.

(c) Alternatively, if the boat and/or trailer is unsaleable, after giving notice in writing as aforesaid, dispose of the boat and/or trailer in any manner the General Committee may think fit and deem the cost of doing and any arrears as aforesaid to be a debt owing to the Club by the member or former member.

(d) The Club reserves the right to charge storage for the boat and/or trailer until such time as the owner collects the boat and/or trailer or until notice has been served under Byelaw 11(b) above.

PROVIDED ALWAYS THAT:-

Proper evidence is available to show that all reasonable steps have been taken to trace a member or former member and that, when and if the boat and/or trailer is sold, if the Club is unable to account to the member or former member for the balance of the proceeds of sale pursuant to Byelaw 11(b) above then the balance of the proceeds of sale shall be placed upon bank deposit account and retained against the eventuality of a claim by the owner (whether he be the said member or former member or otherwise) for a period of six years.
